27 Toronto Area Pizza Huts Choose *DELIVER Plus* to Replace SUS/FMS Systems.

SAINT ALBANS, WV, April 3, 2007: Five Toronto area Pizza Hut franchisees announced today their selection of **DELIVER Plus** as the new POS provider for their Pizza Hut restaurants. The five franchisees own a combined 27 restaurants in the Toronto area, and are replacing their outdated SUS/FMS systems before year's end. The first 5 installations are scheduled for the first week in May.

"We have done extensive research on all the available POS systems over the past 4 months and have come to the conclusion that **DELIVER Plus** provides the best value and best fit for our restaurants," said Alnoor Gulamani, Vice President-Operations for SME Pizza, one of the largest Toronto area franchisees. "**DELIVER Plus** has been providing Pizza Hut specific solutions longer than many of the other companies have been in business, and we have the flexibility to use either touch screen or character based stations to reduce costs. We also have the world's leading computer company, Dell, supplying the majority of our hardware and providing on-site maintenance."

"We are very pleased that four additional franchisees have chosen **DELIVER Plus**," said **DELIVER Plus** President Kevin Keegan. "Six Canadian franchisees have selected **DELIVER Plus** this year as their SUS replacement, and we are excited to have them on board. **DELIVER Plus** continues to be the most cost effective solution for Pizza Hut franchisees."

DELIVER Plus is a leading supplier of point-of-sale systems specifically designed for Pizza Hut franchisees. It has more than 460 Pizza Hut installations across the US and Canada, and has been serving Pizza Hut franchisees since 1989.
